In Italy, students can find a suitable study program in any field. To study in Italy, it is not necessary to know Italian language, as you may find around 600 undergraduate and postgraduate degree courses entirely held in English. Plus, by adding all the summer/winter courses, PhD courses, “Master di I livello” and “Master di II livello”, the list goes up to more than 1.500 courses taught in English.

UNI-ITALIA OFFICES

Uni-Italia works closely with Italian diplomatic offices abroad where Centres of promotion and orientation to study in Italy are located in. All these Centres cooperate with the Italian Cultural Institutes and the Italian Consulates abroad, especially in promoting Italian higher education programs, selecting and assisting students with their first enquiries made in their own countries.
